Track Application Package Revisions

To Whom It May Concern::

As discussed with Mr. Mark Messersmith by telephone earlier this week, I have revised our application package and am submitting by fax and hard copy for your further consideration copies of the revised pages.

We are looking forward to your response and stand ready to assist your office in any way necessary as you review our application.

Best regards,

David L. Rader.

Manager, Environmental & Safety

EPA needs background information on your facility to evaluate your application.

What do you need to do?

- Provide background information on your facility.
- Identify your environmental requirements.

1	What	do	you	do	or	make	at	your	facility	y
---	------	----	-----	----	----	------	----	------	----------	---

Manufacture and packaging of pharmaceutical products.

2 List the Standard Industrial Classification (SIC) code(s) or North American Industrial Classification System (NAICS) codes that you use to classify business at your facility. SIC 2833

NAICS

3 Does your company meet the Small Business Administration definition of a small business for your sector?

Yes [No]

4 How many employees (full-time equivalents) currently work at your facility? Fewer than 50

50-99

[100-499]

500-1,000

More than 1,000

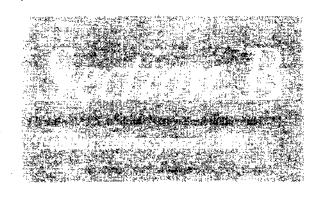

|--|

5	Does your facility have an EPA ID number(s)?	[<u>Yes</u>]	No
	If yes, list in the right-hand column.	IND 006	059075
6	Identify the environmental requirements that apply to your facility. Use the Environmental Requirements Checklist, at the back of the instructions, as a reference. List your requirements to the right or enclose a completed Checklist with your application.		
7	Check the appropriate box in the right-hand column.	_	the requirements above. sed the Checklist with my
8	Optional: Is there anything else you would like to tell us about your facility?	100% CI	ached copy of IDEM Lub application e and membership notice.

Facilities must have an operating Environmental Management System (EMS) that meets certain requirements.

What do you need to do?

- Confirm that your EMS meets the Achievement Track requirements.
- Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

1	Check yes if your EMS meets the requirements for e	ach
~	element below as defined in the instructions.	

♂. Environmental policy ————————————————————————————————————	[<u>Yes</u>]
b. Planning —————	[<u>Yes</u>]
C. Implementation and operation	[<u>Yes</u>]
d. Checking and corrective action	[Yes]
€. Management review	[<u>Yes</u>]
Have you completed at least one EMS cycle (plan-do-check-act)?	[<u>Yes</u>]
Did this cycle include both an EMS and a compliance audit?	[<u>Yes</u>]
Have you completed an objective self-assessment or third-party assessment of your EMS?	[<u>Yes</u>]

If yes, what method of EMS assessment did you use?

Self-assessment

GEMI

Facilities must show that they are committed to improving their anvironmental performance. This means that you can describe past achievements and will make future commitments.

Section C Tell us about your past actricoments and judges committees committees as a section of the committees of the committees as a section of the commi

What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions I and 2.

Describe your past achievements for at least two environmental aspects. If you need more space than is provided, attach copies of this page.

Note to small facilities: If you qualify as a small facility as defined in the instructions, you are required to report past achievement for at least one environmental aspect.

First espect you've selected

What aspect have you selected?			previous level (1998)	What is the c	
Release History	Qua	_ •	Reportable Releases	Quantity 0	Units Reportable Releases

How is the current level an improvement over the previous level?

Our perpetual goal is zero. Underlying this is our goal of reducing non-reportable releases. These were reduced from 15 non-reportable releases in 1996 to 3 in 2000.

il. How did you achieve this improvement?

Employee training, construction of secondary containment tank farm upgrade and investigation of all non-reportable small releases for root cause and corrective action.

Section C, continued

Second depect you've selected

at aspect have selected?	What was the previous level (2 years ago)? (1998)	What is the current level?
tal Solid Waste	Quantity Units 8,055,797 1b.	Quantity Units 5,567,470 1b.
	15,

the next three years? You may choose to state this as an absolute value or in terms of units of production or output.	Absolute value 30 acres functional (Quantity/Units)habitat Option &: in terms of units of production or output 30 acres functional (Quantity/Units)habitat (Quantity/Units)
e. How will you achieve this improvement?	Removal and control of exotic
	and invasive plants; silvicultural
· .	control (controlled burns & clearing
	re-establish natural indigenous
	species competition.
Second aspect you're selected	
a. What is the aspect?	Remediation
b. Is this aspect identified as significant in your EMS?	(<u>Yes</u>) No
c. What is the current level? You may choose to state this as an alsolute value or in terms of units of production or output.	Option A: 0 acres of remediated Absolute value (Quantity/Units) landfill
	Option B: In terms of units of production (Quantity/Units) or output
d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute level or in terms of units of	Option A: 34 acres of remediated Absolute value (Quantity/Units) landfill.
production or output.	Option B: In turms of units of production (Quantity/Units) or output
e. How will you achieve this improvement?	Phase I & II Investigations will
	be done & remedial plan implemented
:	under Indiana VRP program.
Acceptance into VRP may b	e approved by IDEM only if the
project is not otherwise :	required by rule or order.

Third aspect you've selected

- a. What is the aspect?
- b. Is this aspect identified as significant in your EMS?
- c. What is the current level? You may choose so state: this as an absolute value or in terms of units of production or output.
- d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute level or in terms of units of production or output.

Total Energy Use

(Yes.)

729,261 mm BTU (Quantity/Units)

& of units of production

(Quantity/Unics)

692,798 mm BTU (Quantity/Units)

Opplon B: to entire of units of production

(Quantity/Units)

e. How will you achieve this improvement?

Replace three, #6 Fuel oil fired boiler with one natural gas/ #2 Fuel oil fired boilers. Cuts hot standby use by 50%; eliminates heating #6 oil tank; increases boiler efficiency; better turn down capability to reduce steam venting.

Fourth espect you've selected

- a. What is the aspect?
- b. Is this aspect identified as significant in your EMS?
- c. What is the current level? You may choose to state this as an absolute value or in terms of units of production or output.
- d. What is the improvement you are committing to over the next three years? You may choose to state this as an absolute level or in terms of units of production or output.
- e. How will you achieve this improvement?

Total Solid Waste

(Yes)

Option A: Absolute value

5,567,470 lbs. (Quantity/Units)

Option 8: In terms of units

(Quantity/Units) of production

Obtion A: Alicobite value

of output

4,175,000 lbs. (Quantity/Units)

Option B: In terrors of units of production or output

(Quantity/Linits)

Elimination of mycelium filter cake; developing reliable source for fly ash recycling; optimize boiler use to

minimize coal use. Recycle insulin packaging.

Application for the National Emiraneutal Achievement Truck CMB -Asserted No. 2010-0032

Facilities must demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in pilice so identify communicate with the public, and to provide information on your environmental performance.

What do you need to do?

- Describe your approach to public outreach.
- List three references who are familiar with your facility.
- 1 How do you identify and respond to community concerns?

Member of LEPC; contacts with habitat restoration partners; employee outreach; support of Audubon Chapter; dialogue with local government and community organizations.

Section

Tell us about your public

outreach and reporting

2 How do you inform community members of important matters that affect them?

<u>Direct contact; press releases;</u> <u>meetings; membership in local</u> <u>organizations.</u>

3 How will you make the Achievement Track Annual Performance Report available to the public?

On behalf of <u>Pfizer Inc. Terre Haute</u> [my facility],

I certify that

- I have read and agree to the terms and conditions, as specified in the National Environmental Achievement Track
 Program Description and in the Application Instructions;
- I have personally examined and am familiar with the information contained in this Application (including, if attached, the Environmental Requirements Checklist). The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Achievement Track EMS
 requirements, including systems to maintain compliance with all applicable federal, state, tribal, and local
 environmental requirements, in place at the facility, and the EMS will be maintained for the duration of the
 facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all applicable federal, state, tribal, and local environmental requirements, and the facility has corrected all identified instances of potential or actual noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary),
 my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with
 applicable federal, state, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Achievement Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

National Environmental Achievement Track

Environmental Requirements Checklist

The following Checklist is provided to assist facilities in answering Section A, Tell us about your facility," Question 6. The Checklist is given to help facilities identify the major federal, state, tribal, and local environmental requirements applicable at their facilities. The Checklist is not intended to be an exhaustive list of all environmental requirements that may be applicable at an individual facility.

If you use this *Checklist* and choose to submit it with your application, fill in your facility information below and enclose the completed *Checklist* with your application (see instructions).
